Amount Payable for Basic Services	**$961.00**[1]

---

[1] NOTE: Recipients who have income in addition to their SSI/SSP check (for example, a pension, Social Security retirement, or disability benefits) can be charged the **$961.00** amount for basic services plus an additional $20. Because federal rules do not count the first $20 of a recipient's income against his/her SSI/SSP grant, an SSI/SSP recipient with other income has an extra $20 that people who receive only an SSI/SSP check do not have. Neither federal nor state law restricts the recipient in how this additional $20 amount is spent. Thus, if the recipient agrees in the admission agreement to pay the additional $20 for basic services, the facility may charge the additional amount.
